

SENSORS

Overview NTC sensors

- Wide product range with many options
- High quality and right price
- Established year 1993 – 450 employees
- Standard models and custom design
- Manufactured according to ISO9001 & ISO14001
- Reference customers: Electrolux, Whirlpool, Panasonic

General technical data:

Characteristics:	R100 = 3.3k Ω +/-2.5% vid 100°C
B value:	B0/100 = 3970K
Hi pot. test:	3750VAC 1s
Isolation:	500VDC, 100M Ω
Connection:	Cable or connector
Temperature range:	Between -20 °C...+310 °C
